BOSTON CENTER DIVERTED AIRCRAFT TO THE VICINITY WITH NEGATIVE RESULTS. J. UNABLE TO DETERMINE. K. UNABLE TO DETERMINE CAUSE OF SIGHTING BY AIRCRAFT OR RADAR. A PREVIOUS REPORT WAS MADE ON THIS SAME OBJECT AT THE SAME LOCATION OF 27 AUGUST 1964 BY MRS CIESLA OF 714 SCHOOL ST, WEBSTER, MASS AT 1500Z WITH NEGATIVE INVESTIGATIVE RESULTS. THIS WAS REPORTED BY ME TO T/SGT MOODY. FTD TDE WRIGHT-PATTERSON AFB ON 2 SEPTEMBER. THE ONLY DIFFERENCES BETWEEN THE SIGHTINGS WAS THAT ON 27 AUGUST, THE OBJECT DISSAPPEARED RAPIDLY TO THE WEST AND RETURNED TO HOVER AT HIGH ALTITUDE FOR APPROXIMATELY ONE HOUR. IN BOTH CASES THE OBJECT WAS ESTIMATED TO BE AT VERY HIGH ALTITUDE. THE RAPID MOVEMENT WOULD SEEM TO RULE OUT A BALLON. ANY FURTHER SIGHTINGS OF THIS OBJECT WILL BE INVESTIGATED BY THE SAME METHODS AND THE RESULTS EXPEDITIOUSLY FORWARDED TO YOU. L. NONE
